Letter To Our Shareholders

By Greg Wong, Chief Executive Officer

Focus, Adaptation and Momentum

RIWI entered 2025 as a diversified market research company serving a broad range of clients, including academic institutions, financial services firms, governments, aid organizations, non-profits, market research agencies, pharmaceutical companies and emerging consumer packaged goods (“CPG”) customers.

In March 2025, the U.S. government announced the termination of funding for USAID and several other government-funded agencies for which RIWI conducted projects. Shortly thereafter, in April 2025, the U.S. Department of Justice announced charges related to an international survey fraud scheme involving participants in the market research industry. Together, these developments significantly impacted RIWI’s legacy business and accelerated the need to sharpen our strategic focus.

In response, RIWI undertook a comprehensive review of its capabilities and market opportunities. As a result, we refined our strategy around two core customer segments — market research agencies and CPG companies — and three core solutions: audience, platform and full-service research offerings.

This strategic shift has already produced measurable results. In 2024, revenue from market research agencies and CPG companies represented approximately 30% of total revenue. In 2025, that figure increased to approximately 70.1%.

Revenue from CPG customers grew from approximately \$35,000 to \$523,000, representing year-over-year growth of approximately 1,394%. Revenue from market research agencies increased by approximately 75%, from \$2.0 million to \$3.5 million. Overall, RIWI achieved revenue growth of more than 10% year over year despite a substantial decline in several of its historical revenue streams earlier in the year.

Positioning RIWI for Long-Term Growth

As we look ahead, our operating and capital allocation decisions are now fully aligned with these core customer segments and solutions. Investments in personnel, technology and marketing are being concentrated in areas where we believe RIWI has the strongest competitive advantage and greatest growth potential.

To support this strategy, the Company has reorganized into three business units aligned with our core solutions. This structure is intended to improve execution, deepen expertise and position RIWI to scale more efficiently.

We also continue to integrate artificial intelligence across our platform and operations. The market research industry is undergoing significant structural change, and RIWI is focused on adapting its technology and workflows to improve efficiency while delivering timely, high-quality data solutions to clients.

Commitments to Shareholders

As RIWI advances through this next phase, shareholders can expect the Company to remain focused on:

- Disciplined capital allocation aligned with our core business units and customer segments;
- Enhanced disclosure of key operating metrics to demonstrate progress; and
- Continued progress toward sustainable and consistent profitability.

In early 2026, the Company completed a private placement intended to support RIWI’s path to profitability, expansion within our focused customer segments and solutions, and general working capital requirements.

Board Renewal and Leadership

During the first part of 2026, RIWI initiated a strategic board renewal process to ensure that our leadership possesses the technical, operational and capital markets expertise necessary for our next stage of growth.

On April 17, 2026, we welcomed James Bowen, Al Leong and Marc Kazimirski to RIWI's Board of Directors. These individuals bring significant experience in artificial intelligence, marketing, legal affairs and capital markets that aligns closely with our strategic priorities for 2026 and beyond.

At the same time, Annette Cusworth, Neil Seeman and David Kincaid stepped down from the Board. We are deeply grateful for their years of service and for the important contributions they made to RIWI's foundation and development.

Early Indicators in 2026

While RIWI continues to evolve in the age of AI and adapt to the changing dynamics of the market research industry, we remain optimistic about the opportunities ahead. Several trends observed during the early part of 2026 reinforce our confidence in the Company's direction.

Demand for RIWI's audience solutions from both CPG firms and market research agencies is growing at triple-digit rates. To capitalize on this demand, we are prioritizing investments in technology improvements, expanded supply and additional operational resources throughout the second and third quarters of 2026.

In June 2026, RIWI plans to release an updated version of its CoolTool platform. We expect the update to drive double-digit increases in demand while reducing annual operating costs by up to \$50,000 once existing customers complete migration to the new platform.

Additionally, RIWI expects to launch a new data quality solution in June 2026 designed to verify that survey respondents are real human participants rather than bots. Early market feedback indicates potentially significant demand for this capability as the industry increasingly prioritizes trusted, human-verified data.

RIWI's full-service research business, while somewhat seasonal, experienced a slower start in the first quarter of 2026. However, we currently expect activity levels to recover and grow at a mid-double-digit pace during the second half of the year.

The broader market research sector is also evolving rapidly. On April 27, 2026, a private equity firm announced a takeover bid for Cint, resulting in a share price increase of more than 30%. The transaction highlights a growing valuation gap between companies building proprietary data assets and AI-enabled infrastructure, and traditional full-service research firms.

RIWI believes it is well positioned within this evolving landscape. Similar to Cint, we are accelerating the development of real human-verified panels and proprietary data assets that we believe can strengthen RIWI's strategic positioning and long-term value creation.

Annual General Meeting

We invite shareholders to listen to the Annual General Meeting of RIWI Corp., which will be held on June 24, 2026 at 11:00 a.m. (Toronto time) at RIWI's Toronto office located at 33 Bloor Street East, 5th Floor, Toronto, Ontario, M4W 3H1.

RIWI asks shareholders not to attend the meeting in person and instead encourages voting in advance using one of the methods outlined in the Notice of Annual Meeting and Information Circular.

Closing Remarks

We thank our employees, clients and shareholders around the world for their continued support and confidence in RIWI's vision. We believe the Company is moving in the right direction, supported by a strong team, a focused strategy and a commitment to innovation, integrity and long-term execution.

Very respectfully,

Greg Wong
Chief Executive Officer

All currency figures in the Information Circular are in U.S. dollars, unless otherwise indicated.

Information regarding the proxies solicited by management in connection with the Meeting is set out below under “Information About Proxies”.

PARTICULARS OF MATTERS TO BE ACTED UPON

1. Financial Statements

The annual financial statements of the Company for the year ended December 31, 2025 together with the report of the auditors thereon, and the related management discussion and analysis will be placed before the Shareholders at the Meeting. The annual financial statements were filed under the Company’s profile at www.sedarplus.ca and mailed to those Registered Shareholders and to Beneficial Shareholders who requested a copy in accordance with applicable securities laws. Additional copies may be obtained from the Company upon request and will be available at the Meeting. No action is required to be taken with respect to financial statements.

2. Fixing the Number of Directors

At the 2025 Annual General and Special Meeting of shareholders, five (5) directors were elected by the shareholders. This year the number of directors proposed for re-election by the company is five (5). At the Meeting, the shareholders will be asked to consider and, if deemed advisable, to pass an ordinary resolution to fix the number of directors of the Company at five (5).

The foregoing ordinary resolution must be approved by a majority of the votes cast at the Meeting by the shareholders voting in person or by proxy. Management of the Company and the Board of Directors recommend that shareholders vote FOR fixing the number of directors of the Company at five (5). Unless the shareholder has specifically instructed in the form of proxy or voting instruction form that the Shares represented by such

proxy or voting instruction form are to be voted against the foregoing resolution, the persons named in the proxy or voting instruction form will vote FOR the fixing of the number of directors of the Company at five (5).

3. Election of Directors

On April 17, 2026 (the “Transition Date”), the Company completed a planned reconstitution of the Board of Directors. Effective on the Transition Date, Annette Cusworth, Neil Seeman and David Kincaid resigned as directors of the Company. There were no disagreements between the resigning directors and the Company on any matter relating to the Company’s operations, policies, or practices.

To fill the vacancies created by these resignations, the Board appointed James Bowen, Marc Kazimirski and Al Leong (the “New Nominees”) to serve until the upcoming Meeting. The Board has nominated each of the New Nominees for election by Shareholders at the Meeting. The Board believes this renewal provides a balanced mix of historical corporate knowledge and fresh perspective.

The term of office of each of the current directors will end at the conclusion of the Meeting. **At the Meeting, Shareholders will be asked to vote FOR the election of the proposed nominees whose names are set out below.** Each of the nominated directors is eligible to serve as a director and has expressed his or her willingness to do so. Unless the director’s office is vacated earlier in accordance with the provisions of the *Canada Business Corporations Act* (“**CBCA**”), directors who are elected will serve until the end of the next annual meeting of shareholders, or until a successor is elected or appointed. Proxies cannot be voted for a greater number of persons than the number of nominees named.

Unless the shareholders provide instruction to the contrary or in the absence of specific instruction in this respect, the persons named as proxyholders in the enclosed proxy form intend to vote FOR the election of the nominees for directorship listed above.

Majority Vote

On August 31, 2022, new provisions of the CBCA came into effect introducing a statutory majority voting requirement for uncontested director elections, meaning elections where there is only one candidate nominated for each position available on the Board of Directors, as determined by the Board of Directors. Under the CBCA amendments, issuers must allow shareholders to vote "for" or "against" (as opposed to "for" and "withhold") each director nominee. If a nominated director does not receive a majority of the votes cast for his or her election, such nominated director will not be elected, provided that in the case of an incumbent director who is not elected, such director may continue in office until the earlier of: (i) the 90th day after the election; and (ii) the day on which his or her successor is appointed or elected.

In addition, the Board of Directors is prohibited from appointing or re-appointing, as the case may be, any director nominee that failed to be elected except in limited circumstances such as (i) to satisfy the Canadian residency requirement under the CBCA, and (ii) to satisfy the CBCA requirement that at least two (2) directors of a distributing corporation not also be officers or employees of the corporation or its affiliates. Any director nominee that fails to be elected may be nominated again at the next meeting of shareholders at which there is an election of directors.

Cease Trade Order, Bankruptcies, Penalties and Sanctions

None of the nominees for election to the Company's Board of Directors named above:

- (a) are, as at the date of this Information Circular, or have been, within 10 years before the date of this Information Circular, a director, chief executive officer or chief financial officer of any company (including the Company) that,
 - (i) was subject to an order that was issued while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer; or
 - (ii) was subject to an order that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred while that person was acting in the capacity as director, chief executive officer or chief financial officer;
- (b) are, as at the date of this Information Circular, or have been within 10 years before the date of this Information Circular, a director or executive officer of any company (including the Company) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or

- (c) have, within the 10 years before the date of this Information Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director.

None of the nominees for election to the Company's Board of Directors named above has been subject to:

- (a) any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or
- (b) any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable shareholder in deciding whether to vote for a nominee as director.

There are currently two committees of the Board of Directors: (a) the Audit Committee and (b) the Human Resources, Compensation and Nominating Committee ("**HRC&NC**"). The members of the Audit Committee are James Bowen, Leonard Murphy and Al Leong. The members of the HRC&NC are Leonard Murphy, Marc Kazimirski and James Bowen.

As of May 11, 2026, the directors and executive officers of the Company as a group beneficially own, directly or indirectly, an aggregate of 1,497,853 Shares (which does not include stock options), which together represent 5.6% of the total votes attached to the Company's outstanding Shares.

None of the above directors has entered into any arrangement or understanding with any other person pursuant to which he or she was, or is to be, elected as a director of the Company or a nominee of any other person.

Additional information regarding the Board of Directors and the attendance of each director at meetings of the Board of Directors, the Audit Committee and the HRC&NC held during the fiscal year ended December 31, 2025, is set out below under "Corporate Governance", "Meetings of the Board of Directors".

4. Appointment of Auditor

Unless otherwise instructed, the proxies given pursuant to this solicitation will be voted "FOR" the appointment of BDO CANADA LLP, Chartered Professional Accountants, as the auditor of the Company to hold office until the close of the next annual meeting of shareholders of the Company or until a successor is appointed. It is proposed that the remuneration to be paid to the auditor be fixed by the Audit Committee of the Board of Directors. BDO CANADA LLP was first appointed the auditor of the Company on September 12, 2023.

Fees Paid to Auditor and their Independence from the Company

The Company retained BDO CANADA LLP to provide audit services for the years ended December 31, 2025 and 2024 in the following categories and were billed the following amounts, which were originally in Canadian dollars, but have been converted to U.S. dollars using the December 31, 2025 Bank of Canada foreign exchange rate of 1.3706 (December 31, 2024 - 1.4389)

<i>(in U.S. dollars)</i>	Year ended December 31, 2025	Year ended December 31, 2024
Audit Fees ⁽¹⁾	\$ 124,033	\$ 131,177
Audit-Related Fees ⁽²⁾	Nil	Nil
Tax Fees ⁽³⁾	Nil	Nil
All Other Fees ⁽⁴⁾	Nil	Nil
Totals	\$ 124,033	\$ 131,177

Notes:

- (1) "Audit Fees" include fees necessary to perform the annual audit of the Company's financial statements. Audit Fees include fees for review of tax provisions and for accounting consultations on matters reflected in the financial statements. Audit Fees also include audit or other attest services required by legislation or regulation, such as comfort letters, consents, reviews of securities filings and statutory audits.
- (2) "Audit-Related Fees" include services that are traditionally performed by the auditor. These audit-related services include employee benefit audits, due diligence assistance, accounting consultations on proposed transactions, internal control reviews and audit or attest services not required by legislation or regulation.
- (3) "Tax Fees" include fees for all tax services other than those included in "Audit Fees" and "Audit-Related Fees". This category includes fees for tax compliance, tax planning and tax advice. Tax planning and tax advice includes assistance with tax audits and appeals, tax advice related to mergers and acquisitions, and requests for rulings or technical advice from tax authorities.
- (4) "All Other Fees" include all other non-audit services.

The Audit Committee has adopted procedures requiring the Audit Committee to review and approve in advance all particular engagements for services provided by the Company's independent auditor. Consistent with applicable laws, the procedures permit limited amounts of services, other than audit, review or attest services, to be approved by one or more members of the Audit Committee pursuant to authority delegated by the Audit Committee, provided the Audit Committee is informed of each particular service. In certain circumstances, the Chair of the Audit Committee may pre-approve the services to be provided and this will then be raised at the next meeting of the Audit Committee for ratification. All of the engagements and fees for the year ended December 31, 2025 were pre-approved or ratified by the Audit Committee. The Audit Committee reviews with its auditor whether the non-audit services to be provided are compatible with maintaining the auditor's independence.

5. Approval of Amended and Restated Security-Based Compensation Plan

At the Meeting, Shareholders will be asked to consider and, if deemed advisable, to pass, with or without variation, an ordinary resolution (the "Plan Resolution") to approve the amendment and restatement of the Company's Stock Option Plan (the "Amended Plan"). The Amended Plan has been updated to comply with the current policies of the TSX Venture Exchange (the 'Exchange'), specifically Policy 4.4 – *Security Based Compensation*, and to increase the fixed number of Common Shares reserved for issuance thereunder to 5,345,329, representing approximately 20% of the Company's issued and outstanding Common Shares as of the Record Date. Further, the Amended Plan allows for cashless option exercise by plan participants.

The Board of Directors has determined that it is in the best interests of the Company to modernize its equity incentive framework. The existing plan was adopted prior to the Exchange's implementation of the current Policy 4.4. By adopting the Amended Plan, the Company ensures compliance with the Exchange's revised requirements for "Fixed" plans and provides the Company with the flexibility to attract and retain high-caliber directors, officers, employees, and consultants.

Furthermore, as the Company has significantly increased its issued and outstanding share capital since the original plan was adopted, the previous fixed pool is no longer sufficient to provide meaningful long-term incentives. The Amended Plan increases the fixed pool to reflect the current scale of the Company.

Pursuant to Exchange Policy 4.4, the Company is seeking Disinterested Shareholder Approval for the Amended Plan. This means the Plan Resolution must be approved by a majority of the votes cast at the Meeting, excluding votes attached to Common Shares beneficially owned by Insiders of the Company (as defined by the Exchange) to whom securities may be granted under the Amended Plan.

To the knowledge of the Company, a total of 1,497,853 Common Shares held by Insiders will be excluded from the vote on the Plan Resolution.

The Amended plan is subject to final acceptance from the TSX Venture Exchange. If the Amended Plan is not approved by shareholders or the TSX Venture Exchange, the 2020 Stock Option Plan will remain in effect according to its original terms.

INFORMATION ABOUT PROXIES

Solicitation of Proxies

The solicitation for proxies by management of the Company will be made primarily by mail but solicitation may be made by telephone or in person with the cost of such solicitation to be borne by the Company. **While no arrangements have been made to date, the Company may contract intermediaries for the solicitation of proxies for the Meeting. Such arrangements would include customary fees which would be borne by the Company.**

Appointment of Proxyholder

The persons named in the enclosed form of proxy for the Meeting are officers of the Company and nominees of management. **A registered shareholder has the right to appoint some other person or company, who need not be a shareholder, to represent such registered shareholder at the Meeting by striking out the names of the persons designated in the accompanying form of proxy and by inserting the name of that other person or company in the blank space provided.** If a registered shareholder appoints one of the persons designated in the accompanying form of proxy as a nominee and does not direct the said nominee to vote either "For", "Against" or "Withhold", as applicable, from voting on a matter or matters with respect to which an opportunity to specify how the Shares registered in the name of such registered shareholder shall be voted, the proxy shall be voted "For" such matter or matters.

The instrument appointing a proxyholder must be in writing and signed by the registered shareholder, or such registered shareholder's attorney authorized in writing, or if the registered shareholder is a corporation, by the authorized representative or a duly authorized person on behalf of such corporation. An undated but executed proxy will be deemed to be dated the date of the mailing of the proxy. In order for a proxy to be valid, a registered shareholder must:

- (a) sign and print his or her name on the lines specified for such purpose at the bottom of the form of proxy; and
- (b) return the properly executed and completed form of proxy by mailing it or delivering it by hand in the appropriate enclosed return envelope addressed to Odyssey Trust Company ("**Odyssey**").

to be received by 11:00 a.m. (Toronto time) on June 22, 2026, or no later than 48 hours (excluding Saturdays, Sundays and holidays) before any adjournment(s) of the Meeting, unless the Chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

Revocation of Proxy

A registered shareholder may revoke a proxy by delivering a signed instrument in writing executed by such registered shareholder or by the registered shareholder's attorney authorized in writing or, where the registered shareholder is a corporation, by a duly authorized officer or attorney of such corporation, either to the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting or any adjournment thereof, with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, or before any vote in respect of which the proxy is to be used shall have been taken, or in any other manner permitted by law.

Voting of Proxies

A registered shareholder may direct the manner in which his or her Shares are to be voted or withheld from voting in accordance with the instructions of the registered shareholder by marking the form of proxy accordingly. The management nominees designated in the enclosed form of proxy will vote the Shares represented by proxy in accordance with the instructions of the registered shareholder on any resolution that may be called for and if the registered shareholder specifies a choice with respect to any matter to be acted upon, the Shares will be voted accordingly. **Where no choice is specified with respect to any resolution or in the absence of certain instructions, the Shares represented by a proxy given to management will be voted "For" the resolution. If more than one direction is made with respect to any resolution, such Shares will similarly be voted "For" the resolution.**

Exercise of Discretion by Proxyholders

The enclosed form of proxy, when properly completed and delivered and not revoked, confers discretionary authority upon the proxyholders named therein with respect to amendments or variations of matters identified in the accompanying *Notice of Meeting*, and other matters not so identified which may properly be brought before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting. If any amendment or variation or other matter comes before the Meeting, the persons named in the proxy will vote in accordance with their judgement on such amendment, variation or matter.

VOTING BY BENEFICIAL SHAREHOLDERS

The information set out in this section is important to many shareholders as a substantial number of shareholders do not hold their Shares in their own name.

Persons who hold Shares through their brokers, agents, trustees or other intermediaries (such shareholders, “**Beneficial Shareholders**”) should note that only proxies deposited by registered shareholders whose names appear on the share register of the Company may be recognized and acted upon at the Meeting. If Shares are shown on an account statement provided to a Beneficial Shareholder by a broker, then in almost all cases the name of such Beneficial Shareholder will not appear on the share register of the Company. Such Shares will most likely be registered in the name of the broker or an agent of the broker. In Canada, the vast majority of such Shares will be registered in the name of “CDS & Co.”, the registration name of CDS Clearing and Depository Services Inc., and in the United States, the vast majority will be registered in the name of “Cede & Co.”, the registration name of the Depository Trust Company, which entities act as nominees for many brokerage firms. Shares held by brokers, agents, trustees or other intermediaries can only be voted by those brokers, agents, trustees or other intermediaries in accordance with instructions received from Beneficial Shareholders. As a result, Beneficial Shareholders should carefully review the request for voting instructions (“**VIF**”) provided with this Information Circular and ensure they communicate how they would like their Shares voted in accordance with those instructions.

Beneficial Shareholders who have not objected to their intermediary disclosing certain ownership information about themselves to the Company are referred to as “**NOBOs**”. Those Beneficial Shareholders who have objected to their intermediary disclosing ownership information about themselves to the Company are referred to as “**OBOs**”. In accordance with the requirements of National Instrument 54-101 – *Communications with Beneficial Owners of Securities of a Reporting Issuer* of the Canadian Securities Administrators (the “**CSA**”), the Company has elected to send the Notice of Meeting, the form of proxy and VIF (collectively, the “**Meeting Materials**”) directly to NOBOs.

Generally, a Beneficial Shareholder who has not waived the right to receive Meeting Materials will either:

- (a) be given a form of proxy which has already been signed by the intermediary (typically by a facsimile with a stamped signature), which is restricted as to the number of Shares beneficially owned by the Beneficial Shareholder and must be completed, but not signed, by the Beneficial Shareholder and deposited with Odyssey Trust Company; or
- (b) more typically, be given a VIF which is not signed by the intermediary and which, when properly completed and signed by the Beneficial Shareholder and returned to the intermediary or its service corporation, will constitute voting instructions which the intermediary must follow.

VIFs should be completed and returned in accordance with the specific instructions noted. The purpose of this procedure is to permit Beneficial Shareholders to direct the voting of the Shares which they beneficially own.

Beneficial Shareholders should carefully follow the instructions set out in the VIF, including those regarding when and where the VIF is to be delivered.

Although Beneficial Shareholders may not be recognized directly at the Meeting for the purpose of voting Shares registered in the name of their broker, agent, trustee or other intermediary, a Beneficial Shareholder may attend the Meeting as a proxyholder for a registered shareholder and vote Shares in that capacity. Beneficial

Shareholders who wish to attend the Meeting or have someone else attend on their behalf, and indirectly vote their Shares as proxyholder for the registered shareholder should contact their broker, agent, trustee or other intermediary well in advance of the Meeting to determine the steps necessary to permit them to indirectly vote their Shares as a proxyholder.

If you are a Beneficial Shareholder, and the Company or its agent has sent these materials to you, your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary on your behalf. By choosing to send these materials to you directly, the Company (and not the intermediary holding on your behalf) has assumed responsibility for: (i) delivering these materials to you; and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the VIF.

SECURITIES ENTITLED TO VOTE

As of May 11, 2026, the authorized share capital of the Company is divided into an unlimited number of Shares, of which 26,726,648 Shares are issued and outstanding. Every shareholder who is entitled to vote at the Meeting shall have one vote on a show of hands and on a poll shall have one vote for each Share of which the shareholder is the registered holder, and such shareholder may exercise such vote either in person or by proxy.

The Board of Directors of the Company has fixed the close of business on May 11, 2026 as the record date for the purpose of determining the shareholders entitled to receive notice of the Meeting, but the failure of any shareholder to receive notice of the Meeting does not deprive such shareholder of the entitlement to vote at the Meeting. Every shareholder of record at the close of business on May 11, 2026 who personally attends the Meeting will be entitled to vote at the Meeting or any adjournment thereof, except to the extent that:

- (a) such shareholder has transferred the ownership of any of his or her Shares after May 11, 2026; and
- (b) the transferee of those Shares produces properly endorsed share certificates, or otherwise establishes that he or she owns the Shares, and demands, not later than 10 days before the Meeting, that his or her name be included in the list of shareholders entitled to vote at the Meeting, in which case the transferee is entitled to vote those Shares at the Meeting.

CORPORATE GOVERNANCE

The Company's Board of Directors and executive officers consider good corporate governance to be an important factor in the efficient and effective operation of the Company. The Board of Directors is of the view that the Company's system of corporate governance meets or exceeds the majority of guidelines and requirements contained in National Policy 58-201 – *Corporate Governance Guidelines* ("NP 58-201") and National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("NI 58-101") of the CSA.

Board of Directors

The Board of Directors is currently composed of five directors: Leonard Murphy, Al Leong, James Bowen, Marc Kazimirski and Greg Wong.

NP 58-201 suggests that the board of directors of a public company should be constituted with a majority of individuals who qualify as “independent” directors. An “independent” director is a director who is independent of management and is free from any interest and any business or other relationship which could, or could reasonably be perceived to materially interfere with the director’s ability to act with a view to the best interests of the Company, other than interests and relationships arising from shareholding. Leonard Murphy, Al Leong, James Bowen and Marc Kazimirski are considered by the Board of Directors to be “independent” within the meaning of NI 58-101 and Greg Wong is considered to be “non-independent”. Greg Wong is Chief Executive Officer and President of the Company.

The independent members of the Board may meet without the presence of the non-independent directors and management, known as “in-camera” meetings, before or after every regularly scheduled meeting and at such other times as they deem appropriate. In 2025 the independent directors held one *in-camera* meeting. These *in-camera* meetings are led by the Chair, Ms. Annette Cusworth.

The Board of Directors is responsible for determining the compensation paid to the directors. The directors establish compensation based on a review of the compensation paid to directors of similar stage entities.

OTHER DIRECTORSHIPS

Marc Kazimirski serves as a Director of Cheelcare Inc. (TSXV: CHER) (September 2025 – present)

MEETINGS OF THE BOARD OF DIRECTORS

Results are compared and measured against a previously established plan and performance of prior fiscal years. The Board of Directors will review and assess the Company’s financial budget and business plan for the ensuing year and its overall strategic objectives. This process will establish, among other things, benchmarks against which the Board of Directors may measure the performance of management. Other meetings of the Board of Directors will be called to deal with special matters, as circumstances require.

Position Descriptions

The Company does not currently have written position descriptions for its directors. At present, the Board of Directors has delegated the day-to-day management of the business and affairs of the Company to the executive officers of the Company. Generally, operations in the ordinary course or that are not in the ordinary course and do not exceed material levels of expenditures or commitment on the part of the Company have been delegated to management. Decisions relating to matters that are not in the ordinary course and that involve material expenditures or commitments on the part of the Company require prior approval of the Board of Directors. Any responsibility which is not delegated to management, or a committee of the Board of Directors remains with the Board of Directors.

The Chief Executive Officer reviews corporate objectives with the Board of Directors on a quarterly and *ad hoc* basis and may serve on Special Committees created by the Board from time to time. In this manner, the Board of Directors approves or develops the corporate objectives which the Chief Executive Officer is responsible for meeting.

Orientation and Continuing Education

The Board of Directors and the Chief Executive Officer of the Company are responsible for ensuring that new directors are provided with an orientation and education program which includes written information about the business and operations of the Company, documents from recent Board of Directors meetings, and opportunities for meetings and discussion with senior management and other directors. New directors are also given the opportunity to meet with the legal counsel to the Company to better understand their legal obligations as directors.

In addition, the Chair and management of the Company take steps to ensure that its directors and officers are continually updated as to the latest corporate and securities policies which may affect the directors, officers, and committee members of the Company as a whole. The Company continually reviews the latest securities rules and policies. Any changes or new requirements are then brought to the attention of the Company's directors either by way of director or committee meetings or circulated in a memorandum.

Ethical Business Conduct

The Company has adopted a written *Code of Business Conduct and Ethics* and a *Global Anti-Corruption Policy* for its directors, officers, and employees. The full text of these standards is available free of charge to any person upon request to the Company at: 33 Bloor Street East, 5th Floor, Toronto, Ontario, M4W 3H1; by telephone at 1-833-FOR-RIWI (367-7494); or on the Company's website at <https://riwi.com/corporate-governance/>.

Nomination of Directors

In order to identify new candidates for nomination to the Board of Directors, the HRC&NC and the Board of Directors of the Company on an *ad hoc* basis: (i) review and determine the appropriate size of the Board of Directors, the necessary competencies and skills of the Board of Directors as a whole and the competencies and skills of each director individually; and (ii) identify and make recommendations as to each individual qualified to become a new member of the Board of Directors. New nominees must have a track record in general business management, special expertise in an area of strategic interest to the Company, the ability to devote the time required and a willingness to serve.

Diversity in Officer Positions and on the Board of Directors and Director Term Limits

The Company aims to attract the highest quality candidates, extending opportunities to all candidates, without distinction as to gender, race, colour, religion, sexual orientation, family or marital status, political belief, age, national or ethnic origin, citizenship, disability, or any other basis and will strive for diversity of experience, perspective, and education. The Company focuses on the best quality individuals for the position and encourages diverse representation in officer positions and on the Board of Directors. At the current time, the Company has not adopted a diversity policy, but will continue to assess the need to adopt such a policy.

Under the *Canada Business Corporations Act*, the Company is required to provide diversity information about its officers and directors, including the number and percentage of members of "designated groups," as defined under section 3 of the *Employment Equity Act (Canada)*, namely: (a) women; (b) indigenous peoples; (c) persons with disabilities, and (d) members of visible minority groups.

The Company currently has four officers and five directors as of May 11, 2026. Of the Company's four officers, two are members of visible minority groups. Of the Company's five directors, two are members of a visible minority group.

The Company has not instituted director term limits. The Company believes that in taking into account the nature and size of the Board and the Company, it is more important to have relevant experience than to impose set time limits on a director's tenure, which may create vacancies at a time when a suitable candidate cannot be identified and as such would not be in the best interests of the Company. In lieu of imposing term limits, the Company regularly monitors director performance, Board committee performance, and regularly encourages sharing and new perspectives through regularly scheduled Board meetings, meetings with only independent directors in attendance, as well as through continuing education initiatives. On a regular basis, the Company

analyzes the skills and experience necessary for the Board and evaluates the need for director changes to ensure that the Company has highly knowledgeable and motivated Board members, while ensuring that new perspectives are available to the Board.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

In assessing the compensation of its executive officers, the Company does not have in place any formal objectives, criteria or analysis. Compensation payable is currently determined by the Board, with the CEO reporting to the Board on the rationale for said compensation, taking into consideration, among other things, industry standards and the Company's financial situation.

For the Company's Named Executive Officers ("NEOs"), the Company's directors have approved a bonus plan that is based on specific targets met for: (i) Company revenue; (ii) profitability on an adjusted EBITDA basis, and (iii) strategic initiatives to be achieved or exceeded in the current fiscal year. This bonus plan is used as a guideline only and any and all bonuses granted to NEOs pursuant to the plan are at the sole discretion of the Board.

Payments for consulting services are made from time to time to individuals or the companies they control. Such consulting services are paid for by the Company at competitive industry rates for work of a similar nature by reputable arm's length services providers.

No risks arising from the Company's compensation policies and practices have been identified that are reasonably likely to have a material adverse effect on the Company. No NEOs or directors are permitted to purchase financial instruments that are designated to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by a NEO or director.

Objectives of the Compensation Program

The objectives of the Company's compensation programs are as follows: to attract and retain talented, high-achieving executives that have a demonstrated track record of achieving results which are critical to the success of the Company and the creation and protection of long-term shareholder value, and to align the interests of such executives with those of the shareholders to achieve goals consistent with the Company's business strategy which help create long-term shareholder value.

Elements of Compensation

Given the size of the Company's operations and the number of employees, the Company's compensation practices must be flexible, entrepreneurial and geared to the objectives of securing the best executives to manage the Company. During the year ended December 31, 2025, there were three key elements used to compensate the NEOs, consisting of: (a) base salary, (b) discretionary cash bonus, and (c) long-term incentives in the form of stock options. There has been competition for executives who have the necessary skills to achieve specified corporate objectives and deliver long-term shareholder value. The Company believes that providing competitive overall compensation enables the Company to attract and retain qualified executives. A competitive fixed base salary and discretionary cash bonus are used for this purpose. In addition, grants of long-term incentives in the form of stock options serve to further encourage the retention of the Company's NEOs while incenting the NEOs to create and protect shareholder value.

Current Stock Option Plan and Proposed Amendments

The Company's current equity incentive framework is governed by the 2020 Stock Option Plan (the "2020 Plan"), which was approved by the Board on July 28, 2020, and ratified by a majority of Disinterested Shareholders on April 29, 2021. The 2020 Plan was established to provide Eligible Individuals with additional incentives, encourage stock ownership, and attract and retain qualified professionals.

Under the 2020 Plan, the maximum number of Shares reserved for issuance was fixed at 3,600,885 Shares, representing 20% of the issued and outstanding Shares on the plan's effective date. As of May 11, 2026, the Company has 2,988,424 Options issued and outstanding, leaving 612,462 Options available for future issuance (representing 17.0% of the existing pool).

In order to reflect the Company's increased share capital and to modernize the Company's equity compensation in accordance with current TSX Venture Exchange ("TSXV") Policy 4.4, the Board has approved an Amended and Restated Stock Option Plan (the "Amended Plan"), subject to shareholder approval at the Meeting.

If approved by Shareholders, the Amended Plan will replace the 2020 Plan in its entirety. The Amended Plan maintains the 20% fixed-pool structure and the core 30-day post-termination exercise window found in the 2020 Plan, while introducing the following key updates:

- **Increased Capacity:** A new fixed maximum of 5,345,329 Shares, representing 20% of the Company's issued and outstanding Shares as of May 11, 2026.
- **Regulatory Compliance:** Updates to reflect current TSXV standards for "Net Exercise" mechanisms and the automatic extension of options expiring during a Blackout Period to the 10th business day following the end of such period.
- **Management Company Eligibility:** Explicit inclusion of Management Company Employees as eligible participants to better reflect modern corporate structures.

Shareholders are referred to the section entitled "Particulars of Matters to be Acted Upon – Approval of Amended and Restated Stock Option Plan" for a more detailed summary of the Amended Plan.

Compensation Governance

For the financial year ended December 31, 2025, management had direct involvement in and knowledge of the business goals, strategies, experiences and performance of the Company. As a result, management played an important role in the compensation decision-making process. In addition to taking into account management's general advice when making compensation decisions, the Board may also request and consider the CEO's self-assessment of his own individual performance objectives and/or results achieved.

The Company's HRC&NC reviews and provides recommendations to the Board regarding executive compensation, succession plans for executive officers, and the Company's overall compensation and benefits policies, plans and programs. The Board approves all compensation decisions, provided that directors who are also officers are exempt from participating in such compensation discussions that relate to their own compensation.

At no time since the Company's most recently completed financial year has the Company retained a compensation consultant or advisor to assist the Board in determining compensation for any of the Company's directors or executive officers.
